Personalised printed tape		STP

We can offer personalised tape not only to advertise your company but to give your company that added professional image. We can do up to three colours on any colour background on a vinyl, low noise or polypropylene tape.

Removals tape		

We also offer a pre-set room grid design tape to the removal industry in which you can write on the tape depending on the contents of the box. (Far right image). This is more box friendly as it encourages writing on the tape instead of the box making the boxes more re-usable. Please contact us for more details on these.
